

TECHNICAL SPECIFICATION FOR:

EVAP COOL 2,600

OVERVIEW

- ✔ For use in well ventilated areas
- ✔ Compact footprint
- ✔ Useful alternative to traditional AC for comfort cooling

DESCRIPTION

The Celsius Hire 2,600m³/hr Evaporative Cooler is a compact unit with strong airflow, ideal for use in well ventilated areas, including warehouses and offices. The EVAP COOL 2,600 requires water top up to provide the cooling effect. This can be done by either connecting a constant mains water feed for via the 60L internal water storage tank.
